

# ***Avenue House Surgery—Planned changes to our surgery premises in 2018***

***We are planning some major changes to our premises this year with work due to begin in February 2018.***

## ***The changes will include:-***

- ***Installation of a lift***
- ***Conversion of first floor administration offices to clinical rooms***
  - ***Administration offices on a new second floor***
  - ***Training facilities***
- ***New accommodation for Community Nurses***

***The construction work will take around 40 weeks and there will inevitably be noise and disruption, we apologise for any inconvenience this will cause for patients but we do believe that the changes are desperately needed to maintain and enhance our services.***

***We thank you for your support and understanding and look forward to the completion of our newly upgraded premises towards the end of 2018.***
